

Innisdale Daily Announcements

November 23, 2023

Office	This week is Bullying Prevention week. Bullying is behaviour that makes the person being bullied feel afraid or uncomfortable. It can happen due to real or perceived power imbalances and may be a symptom of bias and discrimination. Bullying is unacceptable in all its forms. We must promote and support a positive school climate where all members of the school community feel safe, included, accepted, and engage in positive behaviours and interactions. It is important to take action to stop bullying as quickly as possible. If you or someone you know is being bullied, please speak to someone and reach out for help from a caring adult in the building: teacher, guidance counselor, EA, coach, staff advisor or administrator.
Athletic Society	Do you enjoy hockey? Do you need community service hours? Mental Health	Today, the Health Unit will be in the Great Hall at lunch with their "Cloud Presentation" which is a visually interesting display of very large clouds with information about vaping on them. The Health Unit will be sending the enforcement officer that is assigned to our school, and he can answer any questions you have. Starting next week, he will often be at the school to deter students from smoking/vaping.
