Indigenous Veterans Day	Today is Indigenous Veteran's Day. A day to acknowledge all Indigenous Peoples who have served and continue to serve in the Canadian Armed Forces. The First Nations, Inuit and Métis peoples have a long and proud tradition of military service to what we now call Canada. Indigenous Peoples have been part of Canada's military history dating back to the War of 1812 when it's estimated more than 10,000 First Nations people fought. More than 7,000 Indigenous people later served in the First and Second World Wars and the Korean War. On this day of Remembrance, take a few minutes and visit the information booth in the Dance Hall to learn more about the sacrifices made and the Indigenous treaty land on which you live.
