Integrated Visual Arts and Leadership Program Grade 12 University/College Two-Credit Package

We are excited to introduce the Integrated Visual Arts and Leadership Program! This unique program is a two-credit package, offering one credit in Visual Arts and one credit in Leadership with an Arts and Culture Focus. Learners in this enriched arts environment will have unlimited opportunities to explore, create, and foster critical and creative thinking skills through independent direction, integrated learning, career shadowing, and demonstrations.

Students will learn to write a formal proposal and create a body of artwork on a chosen personal theme. They will present these works in a final end of semester public Showcase. Students will earn a Leadership credit through their participation in numerous community service initiatives that have an arts and culture focus.

The two credits students will earn are:

AWD4M1 – Visual Design (College/University) OR AVI4M1 – Visual Arts (College/University)*

AND

IDC4U1 – Leadership (University)

*Or, with teacher consultation, another 4M course code in a Traditional Visual or New Visual Medium

Prerequisite: AVI3M or ASM3M (or AVI30 with teacher approval)

If you are interested in taking Integrated Visual Arts and Leadership, please select it when completing your course selections for next year. Students interested in this program must also complete an application and participate in an interview.
